Practitioner Labs: Green Finance for Climate Adaptation & Biodiversity

The *Practitioner Labs* on Green Finance for Climate Adaptation and Biodiversity seek to facilitate a **hands-on process** that results in targeted green finance solutions, which **support the growth of MSMEs** that are actively delivering biodiversity solutions and championing climate adaptation efforts across their value chains. The Labs will **gather key stakeholders to co-create and refine tailored financial mechanisms** to deliver capital for local biodiversity initiatives.

**Join us for the Kick-Off and Scale-Up Labs
in Lusaka, Zambia!**

Kick-off Lab - 12th & 13th of April 2023

Biodiversity & Climate Adaptation Finance
Insights & Solutions Design

Scale-Up Lab - 14th of April 2023

Global Green Finance Opportunities
& Solutions Showcase
